

Dear members of TWN,

My name is Julio César Guerrero Martín and I have recently been appointed President of the Institute of Administration and Appraisals of National Assets (INDAABIN) by the Minister of Finances. I hold a degree in Political Science and Public Administration by the Ibero-American University and a Masters in the same field by the National Institute of Public Administration.

I have 14 years' experience in several positions in the Federal Public Administration that include the Ministry of Energy, Social Development, Foreign Affairs and most recently as chief of staff of the Minister of Finance.

In my present role as the President of this institution and TWN I have the intention to work together in order to create new strategies to meet our common goals. I am looking forward to meet you all in the upcoming congress in Europe to further share and discuss matters that will enable us to give a step forward in accomplishing best practices in management and better use of public buildings.

Cordially yours,

Julio César Guerrero Martín

INDAABIN / TWN / RAPPAL President
